

Carmarthenshire Residents Survey 2022

Following the recent local elections, we are seeking your views as residents and service users on a number of areas to understand how you feel about our performance and to inform our future planning and priority setting.

This short survey is an opportunity to share with us what you feel are the most important issues affecting you and your families at the moment and what matters to you most. These important findings will be shared at every level of the organisation to shape our decision making at a time where we find ourselves having to do more with less.

Please take this opportunity to share your views with us and have your say
